BelBagno

If the perfect blend of beauty, comfort and function is your aim in the bathroom arrangement process, indulge in our rich and refined selection of exclusive toilets, and reach for the maximum of comfort and strong aesthetic effects in your everyday bathroom experience. Select from a wonderful variety of shapes and styles of our toilets, and enjoy daily their great damage resistance, durability and cutting-edge design which will transform your bathroom into the most refined zone of utter relaxation and wellness.

Whether you want to show off the whole toilet, or conceal parts of it behind furniture units, you can find a BelBagno model that fits nicely into the style of your bathroom and performs its duty whilst still looking sleek.

"Everything is simpler than what you think, and at the same time more complex than what you imagine."

"Tutto è più semplice di quanto si pensi e allo stesso tempo più complesso di quanto si immagina."

(Johann Wolfgang Goethe)

Professional Focus

Quality is taken as a moral commitment in every stage of the manufacturing process.

All of our toilets are manufactured from vitreous china, making them a quality option for your bathroom. Easy to clean, impervious to stains and germ resistant, our pans and cisterns are NANO Glazed and come with a dual 6 and 3-litre flush, making them 50% more water efficient. Toilet seats from BelBagno are soft-closing, which means that you will never have to worry about the seat slamming down and making a racket. Seats are also going with quick install hinges, so even a child can install it.

High-end contemporary toilets tend to be as free of hollow cavities as possible, as these get in the way of cleaning. While there was a time when a decent flush rim was considered the epitome of elegance, today the better the WC, the less it's likely to have any rim at all. BelBagno offers Rimless Toilets of different shapes and styles to suite any customer.

Toilets for Comfort

SMART DESIGN

SEAMLESS INSTALATION: Its BelBagno Smart Instalation feature allows for a seamless and quick instalation, saving lots of time.

BelBagno's Jet Cleaning system disperses water equally without any water splashing outside of the toilet pan.

ADDED CONVENIENCE

ASSILENT ASA CALM: With BelBagno's Soft-close and Quick-release Duroplast seat covers, conveniences are found where they truly matter. BelBagno's Soft Close feature releases the seat and cover slowly and silently without creating any disturbing noise.

Quick-release allows for easy cleaning. Thanks to BelBagno's special hinge system no need to touch or push any buttons to remove seat cover.

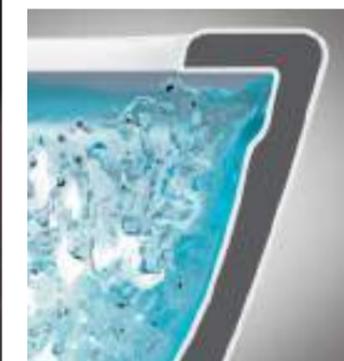

Rimfree Technology

Hygienic & Watersaving

BelBagno's Rimfree Technology brings a cleanliness level to bathrooms that has never before been seen. Rimfree construction prevents proliferation of harmful bacteria and provides easy clean.

- 100% more hygienic compared to standart pans with rims
- Optimal waterflow with every activation for a complete flush
- Efficient water use
- Easy to clean and hygienic thanks to Belguard technology
- One-man installation with a hidden fixation system.
- WaterMark\WELS certifield

EXTRAORDINARY LIGHTNESS

The circular element as a design feature can also be found in Vella toilets. Here we have succeeded in giving the ceramic body an extraordinary optical lightness through a skilful combination of straight lines and round basin. In addition there is a high degree of utility, because the Vella series toilets are rimless, and thus extremely easily cleaned in everyday use.

*Parts subject to wear and tear such as seals and rubbers are not covered by warranty
*If flushing cleaners or chemical additives are used in the cistern, all warranties will be void.

We will rectify free of charge for parts within these periods, any fault due to a defect in materials appearing within the applicable warranty period subject to the conditions set out below.

Claims for BelBagno products which **were installed and used according to installation instructions and by a licensed plumber (electrician for LED mirrors and cabinets) only are accepted.**

IMPORTANT! PLEASE READ PRIOR TO INSTALLATION. Prior to installation it is important to unpackage & inspect your products to ensure no damage has occurred in transit and that the product IS CORRECT. If damage has occurred, or a visible defect exists, do not proceed with installation.

Contact distributor that you purchased this product from with any enquiries regarding the condition of the product or any defects PRIOR to installation.

NO claims for damages / defects will be recognized after installation.

Regardless of any warranty service within the warranty period, the warranty shall expire at the end of the time frame set out above from original date of purchase.

AFTER SALES SERVICE PROCEDURE

For the service procedure to commence the Service Call Authorization Form must be supplied with all fields filled in.

WHAT WILL HAPPEN NEXT:

Upon receipt of Service Call Authorization Form BelBagno will start investigating.

The customer will then be contacted.

A full description of the issue will be requested.

A digital photograph or video file of the issue will be requested via email.

The reseller will be advised of progress. It usually takes 3 days to carefully investigate the problem.

Should the customer not return email requests or phone calls BelBagno will advise the reseller.

WARRANTY WILL NOT APPLY IF:

Customer cannot verify purchase of product.

Items have not been installed by a licenced installer.

Installer has made any custom alterations to products.

Ceramic, metal, acrylic, cultured marble parts are damaged due to the use of abrasive cleaners or cleaning agents containing chlorine or acids.

Damage is caused by non-compliance with BelBagno cleaning instructions indicated in the Warranty.

The fixing of basins to tops with epoxy resin can void warranty.

RETURN POLICY

Any non-price list items are regarded as Specially Made Orders and are not returnable/refundable under any circumstances.

Products supplied for Projects cannot be returned/refunded under any circumstances.
